

HEALTHY PARTNERSHIP START-UP CHECKLIST

- The purpose of the partnership and/or program is clearly defined.
- All key stakeholders from partner organizations have been informed of the partnership/program and support the RFP.
- Partners agree on what success looks like and have defined practical implementation steps to achieve success.
- The individuals that will execute the program have been identified, informed and consulted.
- Partners have committed to a communication “cadence” that outlines the frequency, duration and tools/systems that will be used to stay in touch and on track.
